

2010 Advertising Opportunities with IECA

There are several opportunities to reach IECA member consultants, affiliated schools, colleges and programs, some for as little as 8¢ per contact. When you advertise with IECA, you are specifically targeting IECA member consultants who assist students and families in choosing schools, colleges, or programs that meet their individual needs and goals, as well as admission representatives and administrators at these schools. And now that our newsletter and advertisements are posted online they are accessible to parents and the general public.

Insights Newsletter Print Ads

Insights, IECA's bimonthly newsletter, is mailed to all IECA members, schools, colleges and programs, with a total circulation of over 4,000. In the past the advertising supplement was included in the newsletter mailed only to IECA member educational consultants. Ads now reach more than 4,500 subscribers, including 730 IECA members; 600 non-member educational consultants; 1,650 college admission officers; 400 boarding school admission representatives and administrators; 100 LD program representatives; 100 post-secondary program/gap year/summer program representatives; 600 therapeutic programs; and 300 educational professionals. In addition, the newsletters and advertisements have been downloaded an average of 650 times since being posted on our Web site at the beginning of 2009.

Brochure Insertions

Insert your flyer, brochure, or CD into IECA's *Insights* mailings. *Insights* is sent through first-class mail to all IECA member consultants. We now accept a limited number of insertions from schools, colleges, or programs in the form of postcards, flyers, or brochures. All insertions must be approved by IECA at least one month prior to insertion. Insertions are only included in IECA member newsletters.

Conference Guide

The IECA Conference on-site Guide contains the conference schedule, breakout sessions, and contact information of all registrants, sponsors, exhibitors, and College Fair/Information Swap participants at our national conference. Advertising in the Guide is an excellent opportunity to reach this targeted audience during the conference and beyond. It will be referred to by each attendee throughout the event and because the Guide lists phone contact information, it has a long shelf life as an important resource used by consultants, school representatives, and others, long after the conference.
